

Estimates

Covered and heated estimate drive through with two lanes. This area can hold up to 6 vehicles.

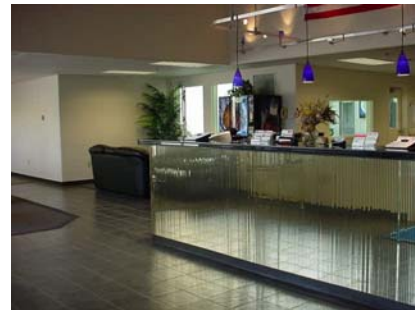

We provide infra-red heat for customer comfort in the estimation lanes.

Customer shuttle van - allowing us to take our customers to their home or office.

Lane control - similar to a bank drive through window. This was put in place to handle high volumes of vehicles coming in for estimates.

Our staff is always ready to help and answer questions.

Customer can relax in our peaceful reception room.
